

# SUMMER WITH SVITLO SCHOOL

2023  

Svitlo Education is a registered charity in England and Wales (registration number 1201542) with a big mission - to educate the future political and social leaders of Ukraine through a free online extracurricular school in English - Svitlo School.

Out of more than 2000 students we provide education for, 14 pupils, whose lives were unfairly changed by the war in Ukraine, visited England in summer 2023. The students were selected on their merits during lessons and contribution to the school life. With the help of a £7,000 donation from a private donor in Ukraine towards transport and visa costs, Svitlo Education was able to partner with summer schools across the UK and secure 14 summer school places worth £39,289.

We hope you enjoy reading about their experience...

"Children from other countries were so friendly and open! I improved my English, learned new words, learned more about England, its history, rules of politeness, British traditions and British culture. I highly recommend Discovery Summer at Shrewsbury School!"

I am very grateful to Svitlo School for such a wonderful opportunity. Thanks to it, I have made many new friends from different countries. I hope to have the opportunity to meet them in the future. Thank you very much, Svitlo and Discovery Summer, for these amazing two weeks!"

Daria, 15 years old, Mykolaiv, joined Svitlo in August 2022

"On my trip to Great Britain, the cultural differences struck me like nothing else. In this new environment, I learned not to be afraid to take the initiative, became more open and confident. I also got to know more about the culture of England. The camp was very memorable! It was so sad to leave Discovery Summer. Not only did I enjoy this trip as a fun activity, but it also became a significant step in my personal growth. This experience made me a stronger and more courageous person. I'm so grateful to Svitlo School for the best summer ever!"

"For me, Svitlo School is a place where I can study what I'm interested in and truly enjoy. Despite the challenging material in the lessons, I find studying at Svitlo enjoyable because of the favorable and relaxed atmosphere.

In the camp, I was greatly impressed by the diversity of mentalities. It was fascinating to interact with people from different cultures and learn something new about them. I also had the opportunity to improve my English and develop my public speaking skills."

Maria, 16 years old, Kyiv,  
joined Svitlo in January 2023

"After a year of studying at Svitlo, I cannot imagine my future without this school. I am sincerely grateful for all the opportunities that have been opened to me. A year ago, I didn't even dream that I would receive a scholarship to attend the American Pearson School, would be actively helping improve Svitlo school, become a member of the student council, and will also go to a camp in England. It was an incredible experience and Discovery Summer proved to be the best choice for a teenager's summer vacation.

Nikita, 16 years old,  
Sievierodonetsk,

## **DISCOVERY SUMMER SHREWSBURY SCHOOL**

I felt incredibly sad to return home, but it was a wonderful summer that I will cherish forever. One day, I dream of meeting all my friends and the founders of Svitlo School."

# SVITLO SCHOOL

There are many cases in history where wars have been won but the citizens were not ready for democracy, international trade and diplomacy. Svitlo is equipping young Ukrainians with the work ethic, English skills, knowledge and world view of open-minded, confident, global citizens. It is particularly important at a time when Ukrainian students are continuing to lose valuable learning time due to the Russian invasion.

At the moment we have over 2000 students in Ukraine and the UK who benefit from up to 8 daily lessons . We want to continue our support and development to help even more children. But for this we really need your support! You can find us on social media and use QR code to support Svitlo!
